By Cathy Focarazzo

It was an interesting week for seniors at West.

Thursday the Senior Personalities were announced. There 11 categories to be filled by one senior boy and one senior girl.

The first category was "Best Personality" and this was awarded to Linda Stonick and Kelly O'Brien. "Most Outstanding Scholar" winners are Dirk Davidson and Dorothy Cranshaw. "Most Likely to Succeed" honors went to Susie Griffiths and Stuart Diekel.

Laura Hennessey and Bob Oliver proved to be the "Best Looking" two on campus. Alice Evans and Dom Occhipinti were selected "Most Humorous."

"BEST SENIOR Couple" is a hard one to select. It has to go to the "ideal" Senior couple who have been going for a long time and, as in any school, there are quite a few. But Darlene Frame and Richard Pierce won the category and were more than deserving.

"Friendliest" is another obvious title. It goes to the pair who go out of their way to be friendly and who have that special outgoing personality. This had to be Alice Evans and Rocky Westlake. Being sincere is a coveted quality that few people possess, but Don McGahey and Janis Ishimoto do, so it was no wonder that they were selected "Most Sincere."

"Most Talented" is not hard to pick, because outstanding talents are easily recognized. Pianist Beth Zimmerman and a remarkable artist, Al Davis, were the two selected.

JANIS Ishimoto and Craig Wardrop have what everyone would like to have: good taste and an excellent wardrobe. They were voted "Best Dressed." Last, but not least, is "Best All Around" the category that includes a little bit of each category and it's probably the most coveted one. Dirk Davidson and Susie Griffiths won the honors. Each girl received a corsage and each guy, a yellow boutonniere.

Last Friday, West beat Santa Monica at their school gym. It was a great game. It went into overtime before West won.

Wednesday, the flag twirlers, song queens, and drill team Captain, Linda Scheele, went into competition at the Miss Drill Team USA pageant in Santa Monica.

Last Saturday, the drill team, band, and drum major, Rocky Westlake, all took first place trophies in the Boy Scout Parade in Hermosa Beach. To top it all off, they won the "sweepstakes" trophy. Congratulations for a fine job and for representing West so beautifully.

If it doesn't shrink on their backs, why should it shrink on yours.

Animals wear leather all their lives. And they don't worry about rain or dirt or cracking or hardening.

But as soon as they lose their hides, that's when the trouble can start. Without protection, baseballs can shrivel up, mini-skirts become micro-skirts, size 9 shoes become size 8.

Union Carbide got together with the tanners to save a little bit of the world from shrinking.

We took a little known chemical called Glutaraldehyde and refined it and designed it so it could be added to the tanning process.

To give you a leather that resists hardening. A leather that resists cracking. A leather that doesn't shrink at the sight of water.

We're out to save your hide.
